Please note. Scoring system Up to 10 runners male & female count towards team points. The winner of the race is awarded points in accordance with the number of race finishers. Therefore C.Stead (Thirsk) obtained 122 points and so on so that second place R.Walters obtained 121 points. The easiest way of working it out is to subtract the finishing position from the number of finishers (122) and add 1.
Ladies team. Three to count- worked on same system.

Scoring qualifications. As this is a closed league, paid up second claim members of a Club are eligible to count, but we cannot cater for individual runners who are not 1st or second claim members of a Club affiliated to the league.

Beckwith Race May I take this opportunity on behalf of all runners taking part to thank Beckwith for their promotion of the first race of the series and for their hospitality afterwards. I have been requested by the Police to mention that runners did not always keep to the left hand side of the road as requested. This caused a danger to themselves and other road users- especially on the blind bends on the course. Please keep to the left in future - we must ensure that the Police are satisfied with the organisation of the races.

NEXT RACE

Thirsk at 7-30 pm Tuesday 22nd May- Course Map enclosed. Almost flat out and back course- 10K approx.
Hope we have a good turn out.
